

VEENA NAGESH NAVAGEKAR

Data Analyst | Python, SQL & Power BI

Bangalore, Karnataka (open to relocation) | +91 9972330572 | navagekarveena27@gmail.com

LinkedIn: <https://www.linkedin.com/in/veena-navagekar-ab0356260> | GitHub: <https://github.com/Veeanav27>

PROFESSIONAL SUMMARY

MCA graduate (Presidency College, Bangalore — graduating July 2026, available for full-time roles immediately after) with hands-on experience in SQL, Python, and Power BI. Built an end-to-end AI-powered forecasting system covering data cleaning, exploratory analysis, predictive modeling, and dashboard reporting. Certified in Data Warehousing, with a track record of leading teams and delivering technical projects on schedule.

TECHNICAL SKILLS

- **Data Analysis & BI:** SQL (MySQL), Power BI, MS Excel (pivot tables, formulas, VLOOKUP), Data Cleaning, Exploratory Data Analysis (EDA)
- **Programming:** Python (Pandas, NumPy, scikit-learn, Facebook Prophet), Java, JavaScript, C
- **Machine Learning:** Linear Regression, Random Forest, Apriori Algorithm, Time-Series Forecasting, CNNs
- **Web & Tools:** HTML5, CSS3, Bootstrap, jQuery, Flask, REST APIs, VS Code, PowerPoint
- **Core Strengths:** Stakeholder Communication, Reporting, Team Leadership, Problem-Solving

KEY PROJECTS

BizPredict — AI-Powered Profit & Demand Forecasting System

2025 – 2026

MCA Major Project | Python, SQL (MySQL), Flask, scikit-learn, Facebook Prophet, Power BI, Chart.js, REST APIs

- Built a full-stack analytics platform that cleaned and processed 3+ years of multi-source sales data, using SQL and Python to forecast profit, demand, and revenue with time-series and regression models.
- Benchmarked 4 modeling approaches (Linear Regression, Random Forest, Apriori, Facebook Prophet) and designed Power BI-style dashboards with automated PDF/Excel reporting, cutting manual reporting effort by ~40%.

SVEN Clothing — Custom E-Commerce Platform

Jun 2024 – Jul 2024

Team Project | HTML, CSS, JavaScript, Bootstrap, jQuery, Python, SQL (MySQL)

- Built a responsive e-commerce platform with a SQL-backed product catalog, real-time inventory updates, and a product customization feature, working in an agile team through sprint planning and code reviews.

INTERNSHIP EXPERIENCE

Web Application Development Intern — InfyNow Software Solutions LLP, Belgaum

Jun 2024 – Jul 2024

- Developed and tested responsive web app features using HTML, CSS, and JavaScript; debugged backend integration issues, reducing UI/rendering bugs found during QA by an estimated 25%.

EDUCATION

Master of Computer Applications (MCA) — Presidency College, Hebbal, Bangalore

2024 – July 2026

Bachelor of Computer Applications (BCA) — Govindram Seksaria Science College, Belgaum

2021 – 2024

Pre-University Course (PUC) — Rani Parvati Devi College, Belgaum

2019 – 2021

CERTIFICATIONS

- Fundamentals of Data Warehousing — LearnQuest via Coursera
- Master CNNs with Python — EDUCBA via Coursera
- Cloud Computing on AWS — Udemy

LEADERSHIP & ACHIEVEMENTS

- 1st Place, Deep Neural Network Hackathon — built a CNN-based deepfake detection system for image classification.
- Deputy Student Coordinator (2023–24) & Event Head, Mr. & Miss Incite — led end-to-end planning for a 500+ attendee college cultural event; also Team Lead, Techspectra Tech Event (2023).
